Dave Sanicola

*Managing Partner, Telecommunications, Information Security and Software Quality
The Desara Group*

<http://desaragroup.com/index.php>

As Managing Partner of The DESARA Group, Dave Sanicola is responsible for major client engagements, business development and strategy, and large project oversight. He leads a team of DESARA's Consultants who help clients achieve quantifiable bottom-line results by applying a proven methodology for rapid business process improvement. With over 30 years of leadership and hands-on experience in telecommunications, software development, and aerospace engineering, Dave understands the very specific priorities, processes and regulations of these industries.
