

## 2010 QuEST Forum Executive Board

---

### Director

**Uma Chandrashekhar**  
*VP, Central Quality, Security and Reliability*  
*Alcatel-Lucent*  
[www.alcatel-lucent.com](http://www.alcatel-lucent.com)

Uma is Vice-President of Corporate Quality Assurance, Security, and Reliability at Alcatel-Lucent. Her over 20 years of experience spans service provider, telecom equipment manufacturer, and R&D industries. She has had leadership roles directing teams focused on security, reliability, interoperability, operations support systems, software development, and quality assurance. Uma has leveraged her experiences and expertise to positively impact the relationship between communications/information infrastructure and public safety communications. In her current role, Uma leads a global team focused on designing, implementing, and delivering innovative solutions to address quality assurance, security, and reliability challenges in information communications technologies and networks. Uma holds a BS and MS in Electrical Engineering. Uma is also CISSP, CISA, CISM, and PMP certified.
