

2010 QuEST Forum Executive Board

Director

**Armador Lucero**

Vice President, Network Operations and Engineering

Qwest Communications

www.qwest.com

In his role as Vice President, Network Operations and Engineering, Armador oversees the Network Operations Center which monitors Qwest's external and internal voice and data networks, including all TDM, data, optical, radio and digital subscriber line (DSL) connectivity. Amador has spent more than 36 years in the telecommunications industry. Previously he served in leadership roles in sales and support, human resources, IT and data networks. He has an electronics degree from Mesa Community College and obtained a Bachelor of Science degree from University of Phoenix in 1986. In addition, Amador received an MBA from Arizona State University in 1994.
