

2012 QuEST Forum Executive Board

Director

David W. Stahl

Vice President, Quality & Customer Satisfaction

Tellabs

www.tellabs.com

David W. Stahl is Vice President of Global Quality and Customer Satisfaction for Tellabs. In this role, he is responsible for developing and implementing global strategy for new product introduction, quality assurance, customer satisfaction, manufacturing engineering, environmental affairs and test engineering. Previously, Mr. Stahl was Director of Global Quality Assurance for Tellabs. Prior to joining Tellabs in 2005, he held a series of increasingly responsible positions in quality assurance and manufacturing engineering at Underwriters Laboratories, 3COM Corporation, Emerson Electric, Matsushita Electric Corp. of America and Defense Electronics Supply Center. Dave holds a Bachelor of Science degree in electrical engineering from Ohio Northern University.
